

# The Powerhouse of Professional Teeth Whitening!

## Performance at a GREAT Price Point!

- Custom Tray Take Home Whitening Gel available in multiple strengths:  
10%, 16%, 22% and 30% of Carbamide Peroxide to accommodate individual needs.
- Wear-times: 10% - 6 to 8 hours      16% - 2 to 4 hours  
                  22% - 1 hour                  30% - 30 minutes
- 3ml Syringe (5-6 complete treatments per syringe)
- Outstanding results in as little as 5-8 days!
- 18 month shelf life (refrigerate for long term stability)
- Neutral pH
- Pleasant peppermint flavor
- Great overall whitener for most patients
- Highly effective on difficult and Tetracycline stains
- ONLY dentist dispensed

“Our office has been using Nu Radiance CLASSIC Teeth Whitening Products for the last year with fantastic results. We have had obvious shade changes up to 6 times the original color and haven’t received any complaints regarding sensitivity. The products we’ve used in the past have either had little improvement in shade color or resulted in hypersensitivity. Our office and patients are very pleased with the Nu Radiance products!”

— Dr. Gaile Cerniauskas and Dr. Brett Anderson,  
Park Ridge Dental Associates
