

Isolite[®] (Direct Sales Company)

Tongue shield has **wider chambers**, allowing saliva and debris to quickly flow through.

Tongue shield has small holes (similar to size of a saliva ejector) dramatically slowing down evacuation.

No maintenance required – **100% disposable!**

Requires extensive cleaning and maintenance after each use.

2 sizes, color coded for easy stocking and reordering.

6 different sizes, which takes up space and can complicate ordering.

INSTANT ISOLATION IN ONE-STEP

*Go ahead,
give it a whirl!!*
