

Silky, Smooth Spray vs. Sticky, Gooney Gel

With VioNexus No-Rinse Spray, hand hygiene compliance is no longer a sticky situation.

VioNexus™ No-Rinse Spray Antiseptic Handwash provides protection against bacteria and makes compliance with the CDC's hand hygiene guidelines easy for healthcare professionals on the go. It is ethanol-based and contains benzalkonium chloride for additional residual kill, plus added emollients to keep your skin moisturized. To protect yourself, your patients and your hands, contact your local Metrex representative at 800.841.1428 or visit us online at metrex.com.

VioNexus No-Rinse Spray can be applied using the "No-Touch" Dispenser. An infrared eye detects your hands and activates the dispenser to spray the antiseptic handwash.

VioNexus No-Rinse Spray	
✓	Leaves Hands Silky, Smooth
✓	No-Touch Reduces Cross Contamination
✓	Fortified With Emollients to Soften Skin
✓	Quick Drying Means Faster Gloving
✓	Reduces Costs - No Soap or Paper Towels
✓	Powerful Alcohol/Antimicrobial Formula

Compliance is smooth as silk with VioNexus.

The CDC estimates that nearly 2 million patients in the United States contract a hospital-related infection each year. About 90,000 of these patients die as a result of their infections.* To prevent infections, CDC guidelines recommend the use of alcohol-based hand sanitizers for routine antisepsis. Using an alcohol-based hand sanitizer takes one fourth of the time of standard handwashing and provides better antimicrobial effect than washing with an antimicrobial soap. The CDC recommends products like VioNexus No-Rinse Spray that contain emollients to reduce skin irritation and drying. Unlike those sticky, gooey gels, VioNexus sprays on lightly and dries quickly for faster gloving. Alcohol-based VioNexus No-Rinse Spray from Metrex encourages proper hand hygiene practice by making it convenient, efficient, and comfortable.

VioNexus No-Rinse Spray

An alcohol-based hand sanitizer for protection against bacteria when hands are not visibly soiled or contaminated.

- Meets CDC Guideline for Hand Hygiene in Healthcare Settings
- Kills germs and cleans skin without running water
- Both 65.87% ethanol and 0.10% benzalkonium chloride provide long-lasting protection against bacteria that can cause disease
- Emollients help prevent dry, irritated skin and leave hands feeling soft
- No water or towels are needed, eliminating cross contamination
- Fast drying for quicker donning of gloves

Part No.	Product Description	Packaging
10-1802	VioNexus No-Rinse Spray 2 ounce	48 bottles/case
10-1800	VioNexus No-Rinse Spray 1 liter	6 bottles/case

VioNexus No-Touch Dispenser and Accessories

No-Touch Dispenser eliminates cross contamination.

- Provides a premeasured application, which minimizes waste and saves money
