## Custom-Fit Sensor Sleeves

## The only sensor sleeve that custom-fits your sensor!

**Introducing new Snuggies, the Snug-Fit Sensor Sleeve.** Now you can protect your equipment and your patients with a snug, custom-fit sensor sleeve--regardless of sensor size. Simply peel, stick, and go!

Snuggies works with sensors of any size, shape, and thickness. Patients will love Snuggies because there's less loose plastic to gag on. Practitioners will love Snuggies because one-size-fits-all, eliminating the need to buy and stock sleeves of many sizes. Plus, with Snuggies, you don't have to twist the sleeve around delicate sensor cords to keep the sensor from sliding around in the sleeve.

To custom-fit your Snuggies, just peel off the clear tab, then pull the white tab snug against the sensor. That's it!

Snuggies are economically priced and packaged 500 per box. Order a box today and see for yourself!
